Drop of Blood Emoji - Emojipedia

The one-drop rule is a social and legal principle of racial classification that was historically prominent in the United States in the 20th century. It asserted that any person with even one ancestor of sub-Saharan African ancestry ("one drop" of black blood) is considered black (Negro or colored in historical terms).

One-drop rule - Wikipedia

Gross hematuria produces pink, red or cola-colored urine due to the presence of red blood cells. It takes little blood to produce red urine, and the bleeding usually isn't painful. Passing blood clots in your urine, however, can be painful. Bloody urine often occurs without other signs or symptoms.

Blood in urine (hematuria) - Symptoms and causes - Mayo Clinic

If the blood contains too little liquid and too much waste, the waste products can bind with chemicals in the urine, forming hard stones in the kidneys or bladder.

Blood when I wipe: 11 causes of rectal bleeding

Seeing blood on your toilet paper after you wipe can be frightening. Rectal bleeding can be a symptom of many conditions, including constipation, hemorrhoids, or colorectal cancer.

Blood When Wiping: Causes, Prevention Tips, and More

In February 2020, Holmes defense requested a federal court to drop all charges against her and her co-defendant Balwani. A Federal judge examined the charges and ruled that some charges should be dropped: since the Theranos blood tests were paid for by medical insurance companies, the patients were not deprived of any money or property.

Under the pressure of great stress the vessels constrict. Then as the anxiety passes "the blood vessels dilate to the point of rupture. The blood goes into the sweat glands." As the sweat glands are producing a lot of sweat, it pushes the blood to the surface - coming out as droplets of blood mixed with sweat.
